Hi -

Pursuant to our telephone conversation, we will forward an outline of the Slims video to you tomorrow. Pending approval, a script will follow shortly thereafter (a day or two after approval of outline). Pending approval of the script, we will forward a rough cut of the video (approximately within one week). Based on revisions of the rough cut, we will turn around a finished product within 3-4 days. Note, we will be shooting retail next Thursday. If you have any questions about this timeline, please let me know. Thanks,

Dominique
